

**SLALOM® TANK-MIX COMPATIBILITY**

PLEASE ENSURE YOU READ THE NOTES SECTION OVERLEAF

**BOLD CAPITALS** = Physically & Biologically Compatible      *(Italics in brackets)* = Sprayable with Continuous Agitation      Red on Blue = **PHYSICALLY INCOMPATIBLE**      **RED CAPITAL ON BLUE** = CROP INJURY  
 Normal = Physically Compatible      **(BOLD ITALICS IN BRACKETS)** = *Biologically compatible - maintain constant agitation*

Herbicides * Do not exceed total dose of florasulam ** Dow AgroSciences support safety and efficacy on cleavers <150mm. No support for efficacy of Atlantis or other Bayer brands on grassweeds.

HEADLAND CLASSIC	ww wb wo sw sb	Liquid Mantrac		Master Manganese Plus	

This tank-mix summary sheet provides information in addition to what appears on product labels. Dow AgroSciences supports the safety and efficacy of its products for tank-mixes shown as Physically and Biologically Compatible, but does not warrant the efficacy of other tank-mix partners. Where only Physical Compatibility or Sprayable with Continuous Agitation is shown, Dow AgroSciences has no biological data regarding efficacy or crop safety and only supports the compatibility, so growers use these mixes at their own risk.

For tank-mixes of more than two products which are not specifically listed, only what is known about the products when in two-way mix is shown, users must make their own judgment about the more complicated mixes which they may choose to use at their own risk. Similarly, a number of products are shown which have been replaced by more recent formulations for which tests have not been carried out. However the information is included for the user to draw their own conclusions.

**Important Note:** tank-mixes should only be made within the label recommendations of every product in the application.

**USE PLANT PROTECTION PRODUCTS SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.  
FOR FURTHER INFORMATION INCLUDING WARNING PHRASES AND SYMBOLS PLEASE REFER TO THE PRODUCT LABEL**
