This summary sheet provides information on tank-mixes conducted with this product. Corteva Agriscience™ gives no warranty or accepts no liability in respect to compatibilities that are beyond the label. This additional information is for guidance purposes only and use is at grower's risk.

Do not use any tank-mix if the mixture cannot be applied within the label recommendations for individual products or if specific tank-mix restrictions apply.

Larger, more complicated mixes; unlisted mixes or replacing alternative products to those listed in this table are not endorsed. However, for further information or to register a tank-mix request please contact your local Corteva representative or call the Technical Hotline on 0800 689 8899

Physical compatibility data is based on the results of an industry recognised standard test. Be aware that in the field, water hardness, PH, temperature etc. can vary. Biological compatibility data are based on a small number of field trials, Corteva Agriscience™ cannot warrant the efficacy of other tank-mix partners. Where only Physical Compatibility or Sprayable with Continuous Agitation is shown, Corteva Agriscience™ has no biological data regarding efficacy or crop safety and only has data on physical compatibility, so growers use these mixes at their own risk.

NOTES:

Application Guidelines - First fill spray tank ½ full to ¾ full with water. Invert pack of N-lock Max ten times; remove vent cap and pierce vent valve. Remove cap and seal/ tamper ring. With agitation pour out 3/4 of the N-Lock Max into the induction bowl **slowly**. Pour into induction hopper with plenty of water. Fill the N-Lock Max can half full with water, replace vent cap and cap, invert 3 times and shake. Pour out into induction bowl and repeat twice more. Allow N-Lock Max to thoroughly mix before spraying. Keep agitation going constantly.

Removed - Takron, Templar, Unite, Centaur

Added - Liaison, Roundup Vista Plus, Eclipse, Kayak, Ortiva Opti, Gro-Phite, Liquid Fertiliser, Terrasorb Foliar Plus, Multiple Pro

USE PLANT PROTECTION PRODUCTS SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.
